

### Y1/Y2 Visit to Burghley House

Year 1 & 2 went on a very exciting day out to Burghley House to enrich their learning about Victorian Houses. They had the pleasure of meeting Queen Victoria (who was an actress, much to the children's confusion!) where children were taught to bow or curtsy when she walked in! They then had a look at several Victorian artifacts, and the children had to guess what they were used for, including an interesting coat hanger which the servants would hang their two outfits on - their best and their work clothes! They then played Victorian Parlour games; a particular favourite was Lord Bean where the children had to speak in their poshest voice and apologise to the 'bean' if they dropped it. Afterwards, we toured the kitchen where children were shown a huge spit roast which would have been turned by hand by children their age! Finally, we had a tour of the fantastic house where we saw the bedroom Queen Victoria slept in and the incredible paintings that covered every wall. All in all, a brilliant day out and the children were extremely well behaved and very respectful!

### Y1/Y2 Science

Year 1 and Year 2 have been investigating materials and their properties in Science. They have looked at which materials are waterproof, which materials are strong and which materials would be best for a cape. To help make their decision, they looked at the properties: strong, flexible, light, and comfortable. The children decided that the best materials were plastic, paper towel, paper and felt because they were all strong, all flexible and all light enough to be able to move around in the wind (perfect for a superhero teddy!). They really enjoyed creating their capes and attaching them to their teddys.

### Peterborough United Assembly

On Wednesday the whole school had a huge treat when they were greeted by Peter Borrows from Peterborough United Football Club. As part of the visit, Peter shared information about an upcoming game that children and a carer can attend for free. More information will be shared via parent mail shortly. The children celebrated some Peterborough goals and encouraged Peter and some specially selected teachers to dance! A fantastic assembly from our local sports club.

## Science Assembly & Workshops

We were excited to welcome the Science Boffins to school for a fun and engaging science day. The visit began with a whole-school assembly full of exciting demonstrations that had pupils amazed as they explored different scientific reactions and experiments. Later, Year 3 and Year 4 took part in hands-on workshops where they investigated states of matter and the digestive system.

## Exploring the Local Area

A group of children enjoyed a walk exploring the local area this week. The walk was a great opportunity for the children to get fresh air, learn about their community, and enjoy being outdoors together.

## Girls Football

Our Linchfield girls' footballers are the 3rd best team in the county!!! We came 3rd narrowly on goal difference! Equal points with 2nd place! Winning 3 games, drawing 3, only losing once! What a great performance by all the girls involved!

## Red Nose Day

Thank you to everyone who supported Red Nose Day this year. Thanks to the generosity of our school community, we raised an amazing **£314** for Comic Relief.

We really appreciate everyone who took part and helped make the day such a success while supporting a great cause.

## Diary Dates

Monday 30 March
