

Linchfield Community Primary School

Year 5 Homework Grid

This term, the homework grid is based around our topic the 'Ancient Civilisation Romans'. Homework can be brought in to share with your class on a Tuesday.

Reading:

Answer the reading comprehension on the Romans. Read carefully the non-fiction text about how the roman roads were built.

Computing:

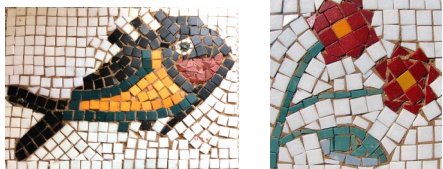

Using Scratch, design a multiple choice quiz. Write fascinating facts, about Roman Life, their history, how they came about and what they did. Use the programming techniques learnt in our computing lessons!

Writing:

Write a newspaper report on the roman invasion. Remember you must write who they were, when it happened, where they came from and most importantly why. Remember to research your facts carefully

DT

Make your own Roman mosaic using cut paper, pasta shapes, seeds etc. Mosaics were seen as a statement of wealth and importance.

History:

Create an information poster about the Roman gods and goddesses. Make sure to include what each was worshipped for.

Maths:

This term we are learning about adding and subtracting decimals. Complete the problem solving activities. Make sure to read the questions carefully.
